/ INFORMATION REPORTS PROCESS

Information Report Request

Submitted on subject company via:

CofaNet online system

Information Report

Commercial information report is delivered with a Coface adjustment for Credit Insurance late payments

Structured Data Management

Coface or a Coface Partner manage the acquisition of standard data sets

Coface load the data into a standard global styles sheet so information report is globally consistent

Credit Insurance Database

Credit insurance late payment notification history is consulted and adjustment is made to the report when necessary.

Commercial Database

Coface add this data to a commercial information report database

Auto/Manual Report?

Depending on report type a manual or automated process is completed Auto/Manual Information Report is completed

/ THE COFACE ADVANTAGES

- Benefit from exclusive information based on our internal claim records.
- A clear indication of adverse risk will help you steer activity away from customers with a poor company rating or bad claims record

If you want to know more about our offers, talk to our trade risk experts at **Coface in Hong Kong** on **+852 2585 9188** or email at **marketing.hk@coface.com**
