1. GROUP CLAUSES

For the purpose of implementing **Group Clauses**, it is hereby expressly agreed that the currency used will be [*currency of the Programme*]. In case of other currencies in the **CGS Contracts** of the **Programme**, calculation for **Group Clauses** will be operated on the basis of the exchange rate mentioned in the **Contract List** exclusively. The exchange rate will be fixed at the beginning of each insurance period for such insurance period.

As an exception to this currency of the **Programme** rule at the time of application of a group clause if the actual exchange rate of a currency, as established by the bank of the countries of the **CGS Contract** stated in the article Currency of the Special Terms, is at least 50% above or below the exchange rate mentioned in the **Contract List**, we shall exclude this currency from the present exchange rule and apply the monthly rate as established by the bank of the countries of the **CGS Contract** stated in the article Currency of the Special Terms instead.
